You can run but you can't hide.

Since the 'Susan G. Komen Breast Cancer Foundation' (Komen) changed its name to 'Komen Race For the Cure', it has maintained its hard-tack position to continue to fund 'breast services' at the abattoirs of Planned Parenthood. This in the face of multiple allegations, as Planned Parenthood is caught on tape, 'partners in crime' condoning, abetting and aiding undercover, under-age sex-ring sting operations filmed all over the nation by Live-Action (headed by the organization's President, Lila Rose). In one very recent video, Planned Parenthood of Central New Jersey, Clinic Manager, Amy Woodruff, offers to become a 'Partner in Crime' with an under-cover 'pimp' in providing abortions and 'breast-services' for the under-age, non-English speaking girls ('Asian and Spanish') shipped in for his 'sex work' operation. (See the video here: <http://www.youtube.com/watch?v=L9Zj9yx2j0Y> ).

Will these new insights to Planned Parenthood's heinous methods 'sting' Komen?

As Komen Race For the Cure continues to provide its dollars to Planned Parenthood, millions of dollars in Komen donations will surely be lost as outraged families and wise organizations stop running the Race and cut Komen funding.

Even the most hardened pro-choicers will deplore and condemn the support of Planned Parenthood now.

In 2004 I resigned from the Susan G. Komen Breast Cancer Foundation ('Race For the Cure').

Seven years after my Komen resignation, it is chilling to watch the LiveAction sting operation videos of Planned Parenthood's staff so comfortably, knowledgeably and easily guiding pimps and pedophiles through their operation, side-stepping parental protection, cutting red-tape and facilitating the horrific path to death and destruction of self for under-age young girls.

Is Komen now comfortable with all this too? Is that why they dropped 'Breast Cancer' from their name? Is the 'Race' they are promoting still a foot race, and, what is the 'Cure' they hope to achieve?

"Over one million humans are aborted every year. 38.5% of those babies are Black. 94% of all abortion centers are located in urban communities ending nearly 40% of all Black pregnancies."

(<http://www.toomanyaborted.com/> ).

As a Latina I know that people of Color are Planned Parenthood's targets of destruction: why does Komen

continue to align itself with Planned Parenthood?

Women of color have been the target of Eugenics policies for many years. Margaret Sanger's Planned Parenthood, has its roots in the destruction of people of color.

[Eugenics - The study of hereditary improvement of the human race by controlled selective breeding. (American Heritage Dictionary, Standard Edition)]

Planned Parenthood is the number one provider of abortions internationally.

In 2004 upon investigating the allegations that Komen was funding Planned Parenthood through affiliate grants, I resigned after four years as an Advisory Council charter member of their National Hispanic Latina Advisory Council. At the time, Komen's affair with Planned Parenthood made me wonder what other abortion related agendas Komen might be supporting, like the black-out on the statistically significant epidemiological studies linking abortion to breast cancer.

Breast services funds from Komen no longer serve to white-wash Planned Parenthood's agenda of human destruction.

Human life devalued jeopardizes civilization.

In my letter of resignation in 2004 I wrote:

"It is my final advice to The Susan G. Komen Breast Cancer Foundation that it withdraw its continued financial support of Planned Parenthood, a multi-million dollar, international abattoir, that is systematically focused upon the abortion and

destruction of life."

American tax dollars and funding must be withdrawn from Planned Parenthood. See it for what it is: America, awake.
